DEC 1 1954

RECOMMENDATION FOR: Deputy Director (Administration)

SUBJECT: Special Table of Organization - Missing in Action

1. At the present time the Agency is carrying one person in a missing in action status. Two others previously carried and dropped due to a presumption of death are to be restored to the Agency payroll. The Special Assistant to the Director for Planning and Coordination has asked this office to explore with you the possibility of establishing a special T/O against which all individuals now or hereafter placed in a missing in action status may be carried.

2. It is recommended that a table of organization consisting of three positions, grade and salary undetermined, be approved for the purpose stated above. This special T/O would be administered by the Office of Personnel and we would be responsible for obtaining increases and decreases as the occasion demands. The Comptroller would be required to allot to this special T/O such funds as are required for the period during which persons are to be carried in a missing in action status. Your approval of this recommendation will be greatly appreciated.

25X1A

Assistant Director for Personnel
